**TREVI AT CAESARS**

When looking for a bit of the American Italian home, you will find it in the heart of Caesars in the open air mall style eatery. Try the Lasagna Pizza, one of their specialties. The food is a bit overpriced for the quality, but it is a fast, good eat, especially when it comes to their pasta dishes.

**CENTRAL AT CAESARS**

If you have a late night on the strip, consider stopping in to this 24 hr restaurant located at Caesars. The primary reason to go to Central is for its fried chicken. Central is pricey restaurant that offers average American food, most of which is of good quality.
